

FLEX® POWER SOLUTIONS

HOW DO SUSTAINABILITY REQUIREMENTS AFFECT YOUR OPERATIONS?

With the industry's broadest range of battery technologies, HAWKER® can help support your corporate sustainability objectives:

- ▶ **Recycle To Reduce Material Waste**
- ▶ **Reduce Carbon Dioxide Emissions**
- ▶ **Decrease Water Consumption**
- ▶ **Increase Energy Efficiency**

The HAWKER FLEX® line of maintenance-free batteries gives you the power to achieve both your delivery and sustainability targets.

HAWKER FLEX® BATTERIES: MORE POWER. LESS CARBON FOOTPRINT. NO MAINTENANCE.

REDUCE CARBON DIOXIDE EMISSIONS

Over 50% versus propane or diesel*

CONSERVE WATER

No watering or washing required

SAVE ENERGY

Up to 12% more efficient than traditional lead-acid*

MINIMIZE MATERIAL WASTE

Up to 95% recyclable**

* Savings vary by battery type. Please ask your HAWKER® representative for more details.

** Based on information from recycling partners: <https://li-cycle.com/>. Please ask your HAWKER® representative for more details

WHICH BATTERY IS RIGHT FOR YOUR OPERATION?

HAWKER® takes the guesswork out of selecting the right power system for your equipment. We combine your fleet's power data with our advanced HAWKER® EDGE™ modelling software - identifying solutions that achieve your sustainability goals while supporting your operational requirements.

Contact your local HAWKER® representative to learn more by dialing 1-877-7HAWKER (US and Canada only) or visit us online at: www.hawkerpowersource.com
